Important Notice

Even though the Equity Maximiser product offers great flexibility, it does require financial discipline by Members in their management of the account.

It is important to be aware that repeatedly drawing available credit from the facility (even when making repayments) could increase debt levels. Only making minimum repayments will also create a situation where the amount of the indebtedness over time will not reduce.

The Credit Union therefore recommends the Equity Maximiser product only to those Members who understand how equity mortgages operate and have sufficient financial discipline to benefit from the product. While our loans staff are available to answer any queries in relation to Equity Maximiser, we also recommend that you consider seeking independent financial advice.
